

4' Integral T5 Tube, non-ballasted

54216161

Part # T5BP-4-22-850-MV

SPECIFICATIONS

The ETi 22 watt 3300 lumen 4' integral LED T5 capped tubes offers exceptional versatility and performance for precision lighting applications that require the efficiency of a higher performance lamp. With the T5 connectors users can easily upgrade existing fixtures to a higher rated with minimal effort and maintenance.

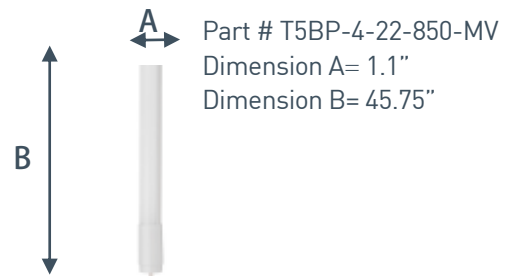

Dimmable with most brands. UL classified for dry and damp locations with enclosures, ROHS compliant, and with a five year warranty, also is suited for most fluorescent applications.

Designed to be used anywhere where superior lighting performance is needed, the T5 is designed for fluorescent fixtures in residential, commercial and industrial environments.

KEY FEATURES & BENEFITS

- 22 Watts
- 3300 lumen
- 5000K
- 120-277V
- CRI ≥ 80
- Non-dimmable
- Damp and Dry Location
- 50,000 rated life
- 5 years Warranty
- Operating Temperature: -4°F~113°F

FIXTURE DIMENSIONS

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. For FCC Part 15 user information, Please see www.ETiSSL.com/fcc15b
