

13" LOWPRO BRUSHED NICKEL DECORATIVE FLUSHMOUNT WITH NIGHTLIGHT

SUPERIOR VALUE & PERFORMANCE

PRODUCT OVERVIEW

ETi SSL's 13" LowPro Brushed Nickel Decorative Flushmount with Nightlight is a contemporary alternative to your traditional ceiling light or recessed lights. It is designed for easy installation by using the existing junction box or a canless drywall opening; using ETi's optional remodel box accessory. Prior to installation, choose between three light output options: soft white, bright white, or daylight by simply using a toggle switch located on the back of the fixture. The integrated accent/nightlight delivers an extra-soft amber glow to add accent lighting to any room. Toggle the wall switch from on/off/on, within a 3 second window, to change from the area light and accent/ nightlight.

The 13" Decorative Flushmount emits 1,758 Lumens of brightness using only 16.8 Watts of electricity, thus reducing energy consumption. This unit is ideal for kitchen, pantry, bedrooms, bathrooms, closets, stairways, hallways, basement, laundry room, craft room, playroom, office, retail store, boutique and more due to its damp location rating and sleek design.

Our entire team takes great pride in our dedication to providing innovative in-stock lighting solutions that typically ship in 2-3 days with the product reliability and quality that you can always depend on from ETi SSL.
