

8" LOWPRO RECESSED DOWNLIGHT
WITH COLOR PREFERENCE®

MODEL# 538292020 | 1,890 LUMENS | 23.5 W | 80 LPW | 5 CCT

8" LOWPRO RECESSED DOWNLIGHT WITH COLOR PREFERENCE® SUPERIOR VALUE & PERFORMANCE

PRODUCT OVERVIEW

ETi SSL's 8 in. LowPro Recessed Downlight with Color Preference® is one of the most innovative and easiest ways to upgrade your existing recessed lights to energy-efficient LEDs. This innovative fixture offers unique features such as its ultra-slim design which allows for easy installation into low clearance or sloped ceiling without the need for recessed cans or a separate J-box. You can also choose between (5) color temperatures of light output for your space from warm to cool whites, bright white, and daylight. This versatile light will emit 1,890 Lumens of light while using only 23.5-Watts of electricity which will conserve energy and save money.

The fixture is dimmable down to 10% without any flickering or buzzing and is suitable for any wet locations. It is maintenance-free without the need to replace bulbs, and is IC Rated for direct contact with insulation. The 8" Downlight LowPro includes certifications to both ENERGY STAR® and the California Appliance Efficiency Database under JA8 that can be used to comply with California Title 24 Part 6 High Efficacy LED light source requirements. The Downlight LowPro (DLLP) family is an extremely multi-purpose product series designed for use in many retrofit, remodel or new construction applications.

Our entire team takes great pride in our dedication to providing innovative in-stock lighting solutions that typically ship in 2-3 days with the product reliability and quality that you can always depend on from ETi SSL.

STOCK ORDERING INFORMATION (typical 2-3 day shipment lead time)¹

Catalog Logic/PT#	Model #	UPC	Lumens	Wattage	LPW	CCT ²	CRI	Voltage	Dimming	Energy Star ³
DLLP-8IN-1800LM-9-5CP-SV-TD	538292020	849489066639	1,890 LM	23.5	80	5 CCT	90 (min)	120V	Triac Dimming	Yes

Notes:

1. Stock SKUs typically ship in 24-48 hours upon receipt of an approved released order.
2. Comes with 5 CCT Color Preference® settings: 2700K, 3000K, 3500K, 4000K, and 5000K. Factory setting at 2700K.
3. Search first 6-digits of the model # followed by '##' on the ENERGY STAR® or CEC JA8 website database to view certifications. (Ex. '538292##')
