

**SA SILENTAIRE™**

Disinfection Solutions by ETi Solid State Lighting

**Ideal Applications**

Food Industry, Office, Education, Healthcare, Hospitality, Residential, Commercial

\*Shown with ETi's 15" Decorative Orbit Flushmount

**SilentAire Plasma Technology**  
**12" Universal Ceiling Mount System**  
 System with air disinfection treatment

The SilentAire universal ceiling mount system allows an existing traditional surface mount 3.5/4" J-box fixture become an air purifier. An extremely quiet circulation system pulls in ambient air and recirculates back purified air while releasing plasma ions to attract and kill viruses and bacteria on contact. The universal ceiling mount system can be used as a stand alone fixture or with any flush/semi-flush mounted lights in multiple styles.

Kills 99.9% of airborne viruses and bacteria\*

- Features**
- Built in SilentAire Plasma Disinfection Technology
  - Green light indicator shows disinfection is on
  - Coverage up to 135 sqft at a mounting height of 8ft
  - 99.9% kill rate for airborne viruses and bacteria\*
