

PRODUCT OVERVIEW

ETI's 5IN Universal Round Utility Light with Sensor is small, compact, and powerful. It's super-convenient with a **built-in PIR occupancy sensor for hands-free performance**, including 1-minute, 5-minute, and disable settings. This integrated LED utility fixture is energy efficient and replaces 65W incandescent bulb.

This utility light has a pleasant diffused light quality with 4000K CCT and 80+ CRI. Plus, it has a long life span with > 72,000 hour LEDs at L70 for reduced maintenance.

The product is ideal for pantries, utility areas, laundry rooms, basements, stairways, and more.

INNOVATE. ILLUMINATE. INSPIRE.
